

WOULD YOU RATHER

Through the School Year

Would You Rather: A School Year Speech & Language Activity

(August)

Directions:

This resource includes monthly “Would You Rather” questions from August with 5 themed questions per month. The questions are designed to support speech and language development, including expressive language, pragmatic language, vocabulary, and conversational skills.

This activity can be used to target:

- Expanding utterances using “because” statements
- Answering WH questions (why, what, where, etc.)
- Vocabulary development and describing skills
- Conversation turn-taking and social communication
- Articulation practice at the sentence level

How to Use

- Select a month or mix questions across months for review or seasonal practice.
- Read the “Would You Rather” question aloud to the student or group.
- Have students choose one option and explain their choice.
- Encourage students to use complete sentences (e.g., “I would rather... because...”).
- Extend responses by asking follow-up questions such as:
 - Why did you choose that?
 - Can you give more details?
 - Would your friend choose the same thing?
